Capacity Building Policy.

1. ACTS holds a small budget for capacity building which may be accessed by individuals or groups. The purpose is to enable ecumenical formation within individuals and to provide seed corn funding for new ecumenical groups.

2. Sums of up to £250 are available for individuals, and up to £500 for groups. £1000 is available for capacity building each calendar year. ACTS will not 100% fund projects.

3. The money is held as a designated portion of the Project Fund.

4. Applications should be received from Member Churches on behalf of an individual or group. An application form should be completed and have the endorsement of a relevant denominational authority.

5. Applications will be considered by the ACTS Trustees.

6. A report for publication in the ACTS newsletter/website will be expected from recipients.

7. Given the small amount of money available, publicity of the scheme will be through the Member Churches.
